

## 200 LED light

Lights 200 mm diameter LED for vehicle signaling installation.

Article number : 17068

### Technical specifications :

70 high-brightness amber LEDs :

- Conform Class L8H (C1 - F2 - O1 - M2) according to EN 12352 standard
- Consumption of 12V model : 0.6A fixed and 0.3A flashing
- Consumption of 24V model : 0.22A fixed and 0.11A flashing
- Protection index : IP66 - Saline mist resistance
- Dimensions in mm : 225x55 - Weight : 800 g
- Bi-signal kit : Electronic light unit with 3-year warranty - Synchronised or alternating lights (to be specified)

	Article
Bi-signal 200 (2 lights + 1 control light) 12V	17068
Bi-signal 200 (2 lights + 1 control light) 24V	23872
200 mm LED light - 12V	27961
200 mm LED light - 24V	27985

<b>Lens</b>	Polycarbonate
<b>Colour LEDs</b>	Amber
<b>Colour lens</b>	Orange
<b>No. of LEDs</b>	70 LED high luminosity
<b>Voltage</b>	10-30V
<b>Consumption</b>	12V : 0,6A fixed and 0.3A flashing 24V : 0,22A fixed and 0,11A flashing
<b>Diameter</b>	255 mm
<b>Weight</b>	400 g
<b>Height</b>	55 mm
<b>Enclosure rating</b>	IP 66
