

L52 LED light -Class 2

9 mm - Imagine the possibilities !

Article number : 27657

The L52 to date is the thinnest R65 approved led light currently available on the world market.

It is only 9mm thick, including the control unit ! It can be installed in numerous places which were previously inaccessible. The L52 has been designed using the latest LED technology and electrical components. It doesn't emit heat, even after several hours of use.

Technical specifications :

- Polycarbonate lens
- Black extruded aluminium frame
- Blue or amber color
- 6 High-powered LEDs
- 2m cable
- Surface mount
- Input voltage :10/30 V
- Dimensions : 113 x 28x 9 mm
- Synchronisation :
 - 12V : up to 12 LED lights
