

L54 range

LED warning lights
Article number : 29980

The newly designed L54 unit is specially adapted for mounting in tight spaces.

Despite a low profile ensuring discreet mounting, it boasts powerful light output which is ECE R65 Class 2 approved.

2 kits available:

- single kit (1 light + 1 driver)
- double kit (2 lights + 1 driver)

- Customised brackets for grill mounting on Vito, Sprinter and T6 models. - Universal brackets provided as accessories.

Advantages:

- Top of the range LED performance - Thin lights for grill mounting - Long life expectancy - Available in several colours - Easy fixing system - Low power consumption - EMC R10 and ECE R65 Class 2 approved
