

LED-Beacon Rhodon

Power and advanced technology

Article number : 31222

Power and advanced technology

Advantages:

- The LED flash light Rhodon has been developed by the consistent development and use of advanced technologies.
- Various variants allow the use as magnetic beacon for vehicles in undercover use, as a fixed mounted beacon or with a tube mount base.
- The use of modern, high-power, high-performance LEDs in conjunction with specially designed prism lenses ensures a high light output in the smallest possible space. This allows a perception even at a great distance.
- **Magnetic Version: approved up to 320 km/h** (DEKRA and ATP GmbH Papenburg).
- **Approved ECE R65 Class 2 - TB2 (E1)-004717**
- Light available only with Flash mode

Product's codes:

Lens	Polycarbonate
Colour LEDs	Blue
Colour lens	Blue
Cable	3 meters
Mounting	Pedestal, Magnetic, ISO-base
Voltage	10-30V
Consumption	12V : 1.3A 24V : 0.6A
Diameter	107.7mm
Weight	Approx 750g (magnetic version, without cable)
Height	Magnetic : 130.8mm Pipe mounted : 151mm ISO : 103.5mm
Enclosure rating	IP X5
Approval	ECE R65 II, ECE R10
Origin of product	Europe
Guaranty	3 years

Description	Code
Rhodon blue, flash, ISO base, 35mm	31222
Rhodon blue, flash, pipe mount	31223
Rhodon blue, flash, magnetic with Cigar Lighter Plug	31224
