

LED Work light

with universal or magnetic mounting

Projoled with universal mounting

Advantages :

- LED technology
- Long life leds: 50 000 hours
- A power consumption 5 times less than a standard halogen work light

Magnetic version :

- Supplied with 12V cigar lighter plug
- Easy to handle and to mount on the vehicle
- Adjustable light-head and reinforced magnetic mounting

Technical specifications

- 4 high brightness LEDs
- Dimensions (H x W x D) : 33 x 106 x 40 mm
- Aluminum housing
- Polycarbonate lens
- Protection rating IP66 according to NF EN 60529
- Light beam colour 3150K
- Operating temperature: -40 ° to + 85 ° C
- Output voltage: 10 to 30 V DC
- Power : 12W
- Consumption : 1A to 12V / 0,5A to 24V*

Projoled with Magnetic mounting

Magnetic version :

- Height 131 mm – Width 125 mm
- Cable length 5m

Approvals

EMC :

DIRECTIVE 2006/28 n°e2*72/245*2006/28*09013 & Regulation R10 (E2 10R03 09013)
According to CISPR25 [2002] : meets Class 3 from 0,15 to 1000 MHz radiating

Description	Item n°
Projoled without mounting	22433
Projoled with universal mounting	23315
Magnetic Projoled (Cable 5m) <i>with cigar lighter plug</i>	23489
Magnetic Projoled (spiral cable) <i>with cigar lighter plug</i>	24171
