

Description

ML 62 and ML72 lightbars

ADVANTAGES :

- High brightness LED technology
- Five times lower consumption than a conventional lightbar
- Service life of 50 000 hours (considering daily use of 10 hours, the LED has a service life of 13 years)
- Beltless rotating light : maintenance free
- ECE R65 approved product
- Easy to install
- Aluminium structure, anodized to protect from the product from corrosion
- Polycarbonate casing : its great transparency and excellent impact resistance make polycarbonate the best material for the production of automotive lightning components
- User comfort with a sound level of 0 decibels
- Roof connector option : elbow and waterproof connector, easier to install and for maintenance

Technical specifications

- Length : 1.10 m (width 280 mm, height 135 mm)
- 4 amber rotating or flashing Gyroleds :
 - ML6x Series amber rotating Gyroleds
 - ML7x series amber double flashing gyroleds
- Input voltage : 12/24V
